Volunteer Survey

Subject: Mentors Needed for Performing Arts

Beyond the Evening Star Theater (also known as the B.E.S.T. Network) is an award-winning performing arts program starring people with disabilities. We perform on stage for a variety of venues all over the metro area.

The programs are designed for people 16 and up that have a desire to perform on stage, and may never have had the opportunity. They may have had an opportunity but would like more involvement in the arts. We are looking for both people who have developed talents and those who want to explore their talents. We find mentors to help discover and improve their skills.

B.E.S.T. is partnering with organizations that serve people with developmental disabilities to bring these programs to existing clients and other interested parties in the community.

B.E.S.T. is a non-profit organization that depends on the help of the community in the form of monetary contributions, as well as, volunteer hours. If you are interested in helping to promote this activity please take the following survey:
